

TRAINING TO WOMEN FARMERS AND DEMONSTRATION TO DELEGATION OF AFRICAN COUNTRIES

Women farmers, Jhalawar (Raj) visiting and gaining knowledge at Extension and interpretation Centre at AFRI, Jodhpur on 23rd Nov 2011

A group of forty women farmers and two Agriculture Officers from the office of Deputy Director (Extension), Zila Parishad, Jhalawar (Rajasthan) visited AFRI campus and gained knowledge at Extension and interpretation Centre on 23-11-11 and learned about technologies developed by AFRI and the important medicinal plants of the region.

Dr. T. S. Rathore, Director, addressing the delegation of African Countries at AFRI, Jodhpur on 8nd Nov 2011

A delegation from nine African countries accompanied by Central Academy for state Forest Service Dehradun (CASFOS) undergoing a training programme on "Combating Desertification and Climate Change" visited the Institute on 8th November 2011. The Director, AFRI briefed the delegation about the research activities of AFRI and interaction was held with the scientists of the institute. The delegation also visited the Extension and Interpretation Centre and Hi-Tech nursery and were demonstrated the technologies developed by the Institute. The delegation told that the interaction was very fruitful and they would definitely use this experience in their respective countries.
