

Visit of IFS probationers to FRI Photogallery

[8th April, 2016]

The Photogallery of Forest Research Institute is the unique gallery where the wholeness of Indian Forestry has been documented through photographs. The gallery remains open for one and all throughout the year.

The gallery was visited by 31 IFS probationers of batch 2015-17 in the presence of a team of Extension Division. Shri Sandeep Kujur, Head, Extension given a brief talk about genesis of and personalities associated with Indian Forestry documented in the gallery. After getting know-how about the gallery probationers took a glance on photographs telling the story of journey of forestry in the country and personalities associated with this memorable journey. Besides photographs, they also have a look on the artifacts of historical importance placed in the gallery.

All probationers expressed their gratitude to the Head, Extension Division and his team members Dr. Charan Singh, Scientist-E, Shri P. K. Gupta, Scientist-C (RTd.) and Shri Ajay Gulati, RA-1 for arrangement of such a nice and wonderful visit.
