

Celebration of Wild Life Week

FRI, Dehradun is celebrating wild life week 2011 from 1st to 5th October, 2011. It was inaugurated by the Director of FRI Dr. S.S. Negi on 1st October, 6:30 pm. On this occasion exhibition of Wild Life photographs by the students of FRI University and paintings by Ms. Nishi Chandra has been done at the Information centre of the main building of the institute. The exhibition will be open to the public from 1st October to 05th October, 2011 at the Information centre of the main building of the Institute at New Forest followed by exhibition of the Paintings and photographs at the Shatabdi Van Vigyan Bhawan (Old Rangers College), 25, Subhash Road, Dehradun from 07th to 20th October, 2011.

Forest and wild life are the important and integral part of the earth ecosystem and we should recognize their importance and must be compassionate for them. At present there are certain species which are on the verge of extinction and requires immediate attention for their protection. In addition to making stringent laws for the protection of wild life there is immense need of awareness among common people for the protection of these threatened and endangered species.
