

Visit of Dr. Ashwani Kumar, Director General, Indian Council of Forestry Research & Education to Institute of Forest productivity, Ranchi

Dr. Ashwani Kumar, Honorable Director General, Indian Council of Forestry Research & Education visited the Institute of Forest Productivity, Ranchi on May 4 – 5, 2016. He was accorded a warm welcome by Dr. S. A. Ansari, Director, Scientists, Officers and Staff. On Day 1, he visited the proposed site of Van Vigyan Kendra at Mahilong, Ranchi. He interacted with the officials of the State Forest Department and took keen interest in the flora maintained around the VVK site at Mahilong. Later, he visited the bambusetum maintained at the Institute and appreciated the works being carried out and encouraged the scientists to continue with their efforts.

On the next day, the DG visited the Nagri Experimental Plot and inspected the plantations and projects being carried out. While addressing the meeting of Scientists, Officers and Staff he stressed for theme based projects to be formulated to obtain substantial results and achievements. He laid stress towards development of techniques and technology that could lead to obtaining of patents.
